

Monday, 19 May

10:30am

MA1: Plenary Session
Lord Provost

12pm

Lunch (included)
Cambridge Suite

1pm

MA2: Education and Training in Interdisciplinary Photonics Settings (1)
Lord Provost

MB2: Education and Training Tailored to Industry Need (1)
Alloway Suite

MC2: Outreach Education in Optics and Photonics (1)
Clarinda Suite

MD2: Teaching Optics and Photonics with Emerging Technologies (1)
Ellisland Suite

3pm

Break
Imperial Suite

3:15pm

MA3: FORUM: Young Professionals: Empowering Sustainability Through Photonics
Lord Provost

MB3: WORKSHOP: Digital Game-Based Training in Semiconductor Resource Efficiency for Photonics Industry Life Cycle Thinking Curricula
Alloway Suite

MC3: WORKSHOP: Ultrafast Optics Education and Training with the Virtual-Reality Laser Laboratory Simulator femtoPro - Application Scenarios in Academia and Industry
Clarinda Suite

MD3: WORKSHOP: How to Communicate Scientific Ideas to Everyone (Change Champion)
Ellisland Suite

6pm

ETOP Civic Reception
City Chambers, George Square, Glasgow, G2 1DU

Tuesday, 20 May

9am

TuA1: Plenary Session
Lord Provost

9:45am

Break
Imperial Suite

10am

TuA2: Education and Training in Interdisciplinary Photonics Settings (2)
Lord Provost

TuB2: Education and Training Tailored to Industry Need (2)
Alloway Suite

TuC2: Outreach Education in Optics and Photonics (2)
Clarinda Suite

9:45am

Break
Imperial Suite

10am

TuA2: Education and Training in Interdisciplinary Photonics Settings (2)
Lord Provost

TuB2: Education and Training Tailored to Industry Need (2)
Alloway Suite

TuC2: Outreach Education in Optics and Photonics (2)
Clarinda Suite

TuD2: Teaching Optics and Photonics with Emerging Technologies (2)
Ellisland Suite

12pm

Lunch (included)
Cambridge Suite

1pm

TuA3: Building Stronger Communities: The Role of Social Identity and Collective Contribution
Lord Provost

3pm

Break
Imperial Suite

3:15pm

TuA4: PANEL: ETO-PIC: Education and Training in Optics and Photonics Integrated Circuits
Lord Provost

TuB4: WORKSHOP: Problem-Based Learning: Engaging Students in STEM (Change Champion)
Alloway Suite

3:15pm

TuA4: PANEL: ETO-PIC: Education and Training in Optics and Photonics Integrated Circuits
Lord Provost

TuB4: WORKSHOP: Problem-Based Learning: Engaging Students in STEM (Change Champion)
Alloway Suite

TuD4: WORKSHOP: Photonics for a Sustainable Future: Building Skills and Systems Thinking in Education (Change Champion)
Ellisland Suite

9am

WA1: Plenary Session
Lord Provost

10:30am

Break
Imperial Suite

10:45am

WA2: Education and Training in Interdisciplinary Photonics Settings (3)
Lord Provost

WB2: Education and Training Tailored to Industry Need (3)
Alloway Suite

10:30am

Break
Imperial Suite

10:45am

WA2: Education and Training in Interdisciplinary Photonics Settings (3)
Lord Provost

WB2: Education and Training Tailored to Industry Need (3)
Alloway Suite

Wednesday, 21 May

9am

WA1: Plenary Session
Lord Provost

10:30am

Break
Imperial Suite

10:45am

WA2: Education and Training in Interdisciplinary Photonics Settings (3)
Lord Provost

WB2: Education and Training Tailored to Industry Need (3)
Alloway Suite

Continued from **Wednesday, 21 May**

WC2: Outreach Education in Optics and Photonics (3)
Clarinda Suite

WD2: Education and Training in Interdisciplinary Photonics Settings
Ellisland Suite

12:45pm

Lunch (included)
Cambridge Suite

1:45pm

WA3: Education and Training in Interdisciplinary Photonics Settings (5)
Lord Provost

WB3: WORKSHOP: Walk in their shoes: Inclusive Outreach through Role-Playing
Alloway Suite

WC3: WORKSHOP: Exploring Extended Reality (XR) Tools for Education in Optics and Photonics
Clarinda Suite

WD3: INTERACTIVE SESSION: Photonics Practical Works in Virtual Reality
Ellisland Suite

3:45pm

Break
Imperial Suite

4pm

WA4: PANEL: Training, education and outreach as career development tools: A fireside chat with Optica Ambassadors
Lord Provost

WB4: WORKSHOP: Innovative Teaching Frameworks for Photonics Education: From Classical Foundations to Quantum Applications
Alloway Suite

WD4: INTERACTIVE SESSION: Inspiring the Next Generation: Teaching Optics and Photonics to Young Minds in the Age of New Technologies
Ellisland Suite

Thursday, 22 May

9am

ThA1: Plenary Session
Lord Provost

9:45am

Break
Imperial Suite

10am

ThA2: Education and Training in Interdisciplinary Photonics Settings (6)
Lord Provost

ThB2: Education and Training tailored to Industry Need (4)
Alloway Suite

ThC2: Outreach Education in Optics and Photonics (4)
Clarinda Suite

ThD2: Teaching Optics and Photonics with Emerging Technologies (3)
Ellisland Suite

12pm

Lunch (included)
Cambridge Suite
